

## POSTAL SCALE

The SPS-10 is an easy to use, 10lb rate computing scale featuring many functions typically found on costlier products. The unit's automatic zip to zone function allows the scale to effortlessly support all zoned rates. Whether at home or in the mailroom, the SPS-10 supports the most commonly used rates offered by the United States Postal Service.

Whenever the post office updates prices, a replaceable rate update may be obtained from your local dealer.

# SPS-10

## Standard Features & Benefits:

- **AUTOMATIC ZIP TO ZONE CONVERSION-**  
Eliminates the need for zone charts.
